

Statement condemning the Suspension of Prof. Sudipta Bhattacharyya

We, the undersigned are shocked at the arbitrary decision of the Executive Council of Visva Bharati University to suspend Prof. Sudipta Bhattacharyya on flimsy grounds of 'circulating complaints'. This, prima facie, goes against the principle of natural justice and freedom of expression. Such an action also smacks of vengeful action from the University authorities particularly since Prof. Bhattacharyya, as an office-bearer of the faculty association, has been consistently raising questions about several irregularities in the University.

Prof. Bhattacharyya has been widely cited for his work on agriculture and decentralization, and has been serving the university through long years of teaching and research. Such an action is a gross injustice to him as well as to the present and future students and researchers.

This seems to be the latest example of how universities are increasingly being run in an authoritarian manner in this country. Universities as critical spaces of academic inquiry need to preserve the freedom of raising questions. Any curbing of these basic rights and freedoms amounts to dismantling the foundational principles of a University. It is indeed of great irony that a University inspired by the life and work of an internationally acclaimed poet like Rabindranath Tagore has chosen to revoke the right to ask questions.

We appeal to the Visva Bharati authorities to revoke the suspension of Prof. Bhattacharyya and restore the democratic functioning of the University.
